

VAST.BANK BUILDING

Situated directly adjacent to OneOK Field in Downtown Tulsa, Vast offers a unique connection to the growing vibrancy of the Tulsa Arts and Greenwood Historic Districts. Early in the design process, our owner/architect team envisioned a structure that would express innovation in tune with nature. This design invokes the predominant mid-rise brick buildings of the neighborhood while responding to the client's deep local roots, love of nature, and integrity.

This design will house locally-owned retail and restaurant space on the ground level with the corporate headquarters for the locally-owned and operated bank on the fifth floor. The rooftop will feature a local restaurant with accessible terraces to emphasize direct connectivity to the outdoors while providing unimpeded views of the adjacent OneOK field.
